7. (Secret - JMM) Met with Ed Braswell and John Goldsmith, of the Senate Armed Services Committee staff, who told me that apparently Senator Symington will now plan to concentrate on legislation imposing a monetary limit on expenditures in Laos rather than his legislation limiting the definition of "local forces."

I provided Goldsmith, who is preparing notes for Senator Stennis' use, with guidance regarding the various levels of sensitivity of material contributed by us.

8. (Confidential - JMM) Lunched with Bill Woodruff, Counsel, Senate Appropriations Committee, and reviewed problems relating to our operations in Laos. See Memorandum for the Record.

Regarding the handling of Senator Ellender's movie film from his foreign travels, Woodruff agreed that the Senator would be very pleased if we could select portions of this material which might be of some intelligence value and invite him to visit Headquarters to discuss it.

9. (Confidential - JMM) Informed Miss Jo Anne Glisson, in the office of Representative Paul Rogers (D., Fla.), that Philip Vandivier would be the appropriate State Department official to participate in the meeting which Mr. [REDACTED] and I had scheduled with Mr. Rogers for Wednesday afternoon to discuss drug traffic in Southeast Asia.

10. (Secret - JMM) Jim Woolsey, General Counsel, Senate Armed Services Committee, said he and Ed Braswell would like to be brought up-to-date tomorrow afternoon or Wednesday on recent developments (over the past two to three months) regarding the Soviet ICBM, ABM, SLBM, and manned aircraft programs. He said they would like to cover both deployment and research and development, and would therefore like to hear from both DDS&T and OSR.
